

## Maximum comfort with Nikidom Ergopads

Optimum cushioning and adaptability thanks to the Ergopads on the back panel: **comfy foam pads** covered with **breathable mesh**, and of **different thicknesses** tailored to provide a varying level of support to the distinct areas of the back.

NOTE: The colours shown in this catalogue may vary on the physical product. Colours may also vary from one production batch to another.

## THE IDEAL BACKPACK FOR LITTLE EXPLORERS!

**ROLLER GO UNICORN [9801]**

**ROLLER GO BUTTERFLY [9800]**

**ROLLER GO RAINFOREST [9802]**

**ROLLER GO RACE CAR [9803]**

**ROLLER GO DRONES [9804]**

**ROLLER GO SPACE [9805]**

NOTE: The colours shown in this catalogue may vary on the physical product. Colours may also vary from one production batch to another.

### Breathable mesh in back

The Ergopads on the back panel are made of breathable mesh fabric for a better air flow, which help to keep the back dry in hot weather.

### Reflective strips

They are located on the front and the straps to enhance nighttime visibility.

### Waterproof PVC base

This highly resistant base will keep your belongings protected from impact and from wet surfaces

## FEATURES

- Maximum comfort guaranteed thanks to the **Nikidom Ergopads** on the backrest: foam pads covered with **breathable mesh**, and of different thicknesses to ensure **optimum cushioning** in the different areas of the back
